PETITIONER'S LETTER OF INTENT

Please describe in detail the proposed project, reason the variance and/or special use permit is being requested and any additional information that may be helpful to the Zoning Board of Appeals in deciding this appeal: (attach additional pages if needed)

- Proposal to Build a Garage for personal use on property
- Requested at 24x28 w/ 8' walls + 5/12 Roof Pitch
- Sit largely within confines of Current double wide driveway.
- Variance required as garage will extend in front of home.
- House is very old, and predated the current road, and lot was previously partitioned (limits where garage can go).
- Garage cannot be pushed further back due to 200+ y/o tree which I do not want to disturb.
- would extend ~ 13' in front of house. May require clarification

TO BE COMPLETED ONLY WHEN A USE VARIANCE IS BEING REQUESTED: on if a variance for property line is required.

A Use Variance is requested because the applicable regulations and restrictions in the Zoning Code of the Town of Aurora have caused unnecessary hardship as demonstrated by the following:

N/A

1) I cannot realize a reasonable return on my property for each and every permitted use allowed in the current zoning classification as demonstrated by the accompanying financial evidence (provide financial evidence to support your argument).
Financial Evidence Provided Yes No (financial evidence is required per NYS Town Law)

2) Describe why your alleged hardship relating to the subject property is unique and does not apply to other properties in the zoning district or neighborhood: _____

3) Describe why you believe that the essential character of the neighborhood/community will not change if the Zoning Board of Appeals grants you a use variance: _____

4) Is your need for a use variance a result of you own actions (is your difficulty self-created)? Please explain: _____

Re; Accessory building

Tom,

The Building Department has reviewed your application to erect a detached garage on your property at 1029 Schopper Rd. We have denied your application because it fails to meet the requirements as stipulated by Aurora Town Code

116-8.1E(1) Required: Minimum front yard is 75' from the Right of Way, but in this case set by the legal non-conforming residence at 46.61'

Request: Accessory building 34.61 from the ROW
Variance: 12'

116-18 A(1) Required: No accessory building in any front yard
Request: An accessory building in the front yard
Variance: An accessory building in the front yard.

If you wish to pursue this matter further you must apply to the Town of Aurora Zoning Board of Appeals for an area variance. You must include your application, application fee and any information you need to support your need for a variance from the Town Code. If you have any questions contact us at 652-7591.
