**LICENSE TO ENTER PROPERTY FOR GIANT HOGWEED CONTROL PROG
FOREST HEALTH
NEW YORK STATE DEPARTMENT OF ENVIRONMENTAL CONSERVATION**

Giant Hogweed is a Federal Noxious Weed which spreads quickly and has the potential to cause severe skin irritations. Giant Hogweed infestations have been documented in your area. It is essential we gain total control over this potential health threat before it spreads to other properties or areas of the state. This control program is a joint effort between the New York State DEPARTMENT OF ENVIRONMENTAL CONSERVATION (NYSDEC) and the PROPERTY OWNER, identified herein.

I, the PROPERTY OWNER of the property identified herein, grant a right of access to the NYSDEC, ITS REPRESENTATIVES, MUNICIPAL AGENCIES AND OTHER ORGANIZATIONS to enter my property in order to monitor for Giant Hogweed plants or exercise a control program over any Giant Hogweed infestation area(s) of my property. The control program may include one or more of the following control methods: cutting through the root of the plant, removing the umbels (flower heads); and/or the proper applications of herbicides. I understand that the control program will not include removal of the Giant Hogweed plant material from my property.

With respect to allowing employees of the NYSDEC upon the properties listed below ("premises"), the NYSDEC hereby agrees that, in consideration of the privilege of entering upon the premises for the purpose of controlling Giant Hogweed, the NYSDEC will release, indemnify, protect and save harmless the landowner, to the extent authorized by state law, particularly the Court of Claims Act and shall be responsible for any final judgment of a court of competent jurisdiction which is based upon the NYSDECs negligence or the negligence of its employees, while acting within the course and scope of their employment. In accordance with State Finance Law § 41, said responsibility of the NYSDEC is limited to the availability of lawful appropriations. And it is further understood and agreed that in performance of the aforesaid entry upon the premises, the NYSDEC is an independent contractor, and its servants, and employees shall at no time be considered employees of the landowner. The NYSDEC shall leave the premises in the same condition as found notwithstanding reasonable wear and tear resulting from the conduct of Giant Hogweed control.

The NYSDEC is working to protect and conserve the natural areas within our state. I understand that there will **be no cost to the property owner** for this service which I am allowing in order to support the effort of controlling the spread of Giant Hogweed.

IN THE MATTER

OF

**THE TOWN OF AURORA ESTABLISHING
ENERGY BENCHMARKING REQUIREMENTS
FOR CERTAIN MUNICIPAL BUILDINGS**

RESOLUTION

WHEREAS, buildings are the single largest user of energy in the State of New York; the poorest performing buildings typically use several times the energy of the highest performing buildings—for the exact same building use; and

WHEREAS, collecting, reporting, and sharing building energy data on a regular basis allows municipal officials and the public to understand the energy performance of municipal buildings relative to similar buildings nationwide, and equipped with this information the Town of Aurora is able to make smarter, more cost-effective operational and capital investment decisions, reward efficiency, and drive widespread, continuous improvement; and

WHEREAS, the Aurora Town Board desires to use Building Energy Benchmarking, a process of measuring a building’s energy use, tracking that use over time, and comparing performance to similar buildings, to promote the public health, safety, and welfare by making available good, actionable information on municipal building energy use to help identify opportunities to cut costs and reduce pollution in the Town of Aurora; and

WHEREAS, as such the Aurora Town Board desires to establish procedure or guideline for Town of Aurora staff to conduct such Building Energy Benchmarking; and

NOW THEREFORE, IT IS HEREBY RESOLVED AND DETERMINED, that the following specific policies and procedures are hereby adopted and imposed as active and affirmative financial internal control procedures of the Town of Aurora;

BUILDING ENERGY BENCHMARKING POLICY/PROCEDURES

§1. DEFINITIONS

(1) “Benchmarking Information” shall mean information generated by Portfolio Manager, as herein defined including descriptive information about the physical building and its operational characteristics.

(2) “Building Energy Benchmarking” shall mean the process of measuring a building’s Energy use, tracking that use over time, and comparing performance to similar buildings.

(3) “Commissioner” shall mean the head of the Department.

(4) “Covered Municipal Building” shall mean a building or facility that is owned or occupied by the Town of Aurora that is 1,000 square feet or larger in size.

(5) "Department" shall mean the Town of Aurora Clerk's Office.

(6) "Energy" shall mean electricity, natural gas, steam, hot or chilled water, fuel oil, or other product for use in a building, or renewable on-site electricity generation, for purposes of providing heating, cooling, lighting, water heating, or for powering or fueling other end-uses in the building and related facilities, as reflected in Utility bills or other documentation of actual Energy use.

(7) "Energy Performance Score" shall mean the numeric rating generated by Portfolio Manager that compares the Energy usage of the building to that of similar buildings.

(8) "Energy Use Intensity (EUI)" shall mean the kBtUs (1,000 British Thermal Units) used per square foot of gross floor area.

(9) "Gross Floor Area" shall mean the total number of enclosed square feet measured between the exterior surfaces of the fixed walls within any structure used or intended for supporting or sheltering any use or occupancy.

(11) "Portfolio Manager" shall mean ENERGY STAR Portfolio Manager, the internet-based tool developed and maintained by the United States Environmental Protection Agency to track and assess the relative Energy performance of buildings nationwide, or successor.

(12) "Utility" shall mean an entity that distributes and sells Energy to Covered Municipal Buildings.

(13) "Weather Normalized Site EUI" shall mean the amount of Energy that would have been used by a property under 30-year average temperatures, accounting for the difference between average temperatures and yearly fluctuations.

§2. APPLICABILITY

(1) This policy is applicable to all Covered Municipal Buildings as defined in Section 2 of this policy.

(2) The Commissioner may exempt a particular Covered Municipal Building from the benchmarking requirement if the Commissioner determines that it has characteristics that make benchmarking impractical.

§3. BENCHMARKING REQUIRED FOR COVERED MUNICIPAL BUILDINGS

(1) No later than May 1 every year, the Commissioner or his or her designee from the Department shall enter into Portfolio Manager the total Energy consumed by each Covered Municipal Building, along with all other descriptive information required by Portfolio Manager for the previous calendar year.

(2) For new Covered Municipal Buildings that have not accumulated 12 months of Energy use data by the first applicable date following occupancy for inputting Energy use into Portfolio

Manager, the Commissioner or his or her designee from the Department shall begin inputting data in the following year.

§4. DISCLOSURE AND PUBLICATION OF BENCHMARKING INFORMATION

(1) The Department shall make available to the public on the internet Benchmarking Information for the previous calendar year:

(a) no later than September 1 each year for Covered Municipal Buildings; and

(2) The Department shall make available to the public on the internet and update at least annually, the following Benchmarking Information:

(a) Summary statistics on Energy consumption for Covered Municipal Buildings derived from aggregation of Benchmarking Information; and

(b) For each Covered Municipal Building individually:

(i) The status of compliance with the requirements of this Policy; and

(ii) The building address, primary use type, and gross floor area; and

(iii) Annual summary statistics, including site EUI, Weather Normalized Source EUI, annual GHG emissions, and an Energy Performance Score where available; and

(iv) A comparison of the annual summary statistics (as required by Section 5(2)(b)(iii) of this Policy) across calendar years for all years since annual reporting under this Policy has been required for said building.

§5. MAINTENANCE OF RECORDS

The Department shall maintain records as necessary for carrying out the purposes of this Policy, including but not limited to Energy bills and other documents received from tenants and/or Utilities. Such records shall be preserved by the Department for a period of three (3) years.

§6. ENFORCEMENT AND ADMINISTRATION

(1) The Commissioner or his or her designee from the Department shall be the Chief Enforcement Officer of this Policy.

(2) The Chief Enforcement Officer of this Policy may promulgate regulations necessary for the administration of the requirements of this Policy.

(3) Within thirty days after each anniversary date of the effective date of this Policy, the Chief Enforcement Officer shall submit a report to the Town of Aurora including but not limited to summary statistics on Energy consumption for Covered Municipal Buildings derived from aggregation of Benchmarking Information, a list of all Covered Municipal Buildings identifying each Covered Municipal Building that the Commissioner determined to be exempt from the benchmarking requirement and the reason for the exemption, and the status of compliance with the requirements of this Policy.

FURTHER RESOLVED, the Aurora Town Board, in regular session duly convened, does hereby authorize and direct the Town Supervisor to execute such other and additional documents as may be required for to perfect the resolutions herein.

The adoption of the foregoing Resolution was moved by _____,

TOWN OF AURORA DEPARTMENT OF PARKS & RECREATION
DIRECTOR'S REPORT
MONTH OF: APRIL 2017

ADMINISTRATIVE:

Reports:

- We have 11,038 members registered in our recreation system
- We had 1161 individual program registrations in the month of April
- We generated \$55,108 in April sales
- Credit card purchases totaled 91% (92% on-line, 8% office)
 - 2016 to 2017 comparison:
 - Total sales from 1/1/16 – 4/30/16 \$105,387
 - Total sales from 1/1/16 – 4/30/16 \$81,377*
 - Total sales from 1/1/17 – 4/30/17 \$75,050

*This amount is shown to represent sales excluding baseball and softball.

Summer program registration began early this month and we have been swamped with phone calls and emails asking about our programs. We are looking forward to another successful summer!

Our summer staff has been approved by the town board and Elaine and I are currently in the process sending out contracts to them. I have several dates dedicated to training our staff in CPR, first aid, and lifeguarding this year as many of the rescues have been updated.

Renovation of the Community Pool has begun! This month our wading pool was resurfaced, had a step added, and had a new liner in it. It looks great! The main pool is scheduled to have work started on it on May 15th.

EAST practices started back up after a much needed two week break. Participation is up this season compared to last year. EAST's learn to swim is a huge success this year with double the participation of last year!
