OF EAST AURORA

GA

January 3, 2018

Mr. Jim Bach
Supervisor, Town of Aurora
300 Gleed Avenue
East Aurora, NY 14052

Dear Jim:

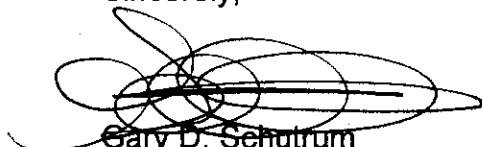

On behalf of the Board of Directors, staff and members of the Boys & Girls Club, I would like to extend our sincerest thanks to the Town for the continued and generous support provided to the Club. This support by our Town has greatly enhanced our ability to serve the youth of our community with quality programs and services.

While we realize that the Town has some challenging decisions to make with regards to establishing the budget, we are most grateful that you recognize the important role the Boys & Girls Club plays in the lives of our families. Our programs touch almost every child in the community whether it be through an athletic league, a Club program, a tournament, a camp session, a school field trip or a special event. Club services continue to be in demand by the youth of our community. We average close to 400 kids per day on a regular school day and are very proud of the role the Club has played in the lives of countless numbers of alumni! Our Club serves more youth per day than any other Club unit in Western New York, including the Boys & Girls Club of Buffalo, and we continue to be a community center for all kids of organizations and programs! We could never do the job we do without the support of generous individuals, businesses, services Clubs, and, of course, our local governments.

Enclosed please find the 2018 funding proposal in the amount of \$35,000, which I believe is the amount discussed between yourself and Mike Sawicki. The agreement enclosed has been signed by Mike Wymer, our Board President. If everything is in order, we would request that you sign it, keep a copy for your records and return the original to us.

We look forward to continuing to work with the Town of Aurora for the benefit of our kids and invite you to come by anytime, take a tour and see the great things that your support makes possible every day!

Sincerely,

Gary D. Schutrum
Chief Executive Officer

Town of Aurora Board Members,

I would at this time like to request approval from the Aurora Town Board to engage the services of GDH Engineering to assist in the review of the Stormwater Pollution Prevention Plan (SWPPP) for a new 24' gas pipeline. Approximately 3.75 miles of this pipeline is in the Town of Aurora on an existing right of way running from the Colden /Aurora town line between Center and Lewis Rds, and north to the north side of Emery Park then turning to the East and crossing Rt 400, Rt 16, and up the hill to the east of Rt. 16 and eventually north to a substation on Porterville Rd in Wales. I have done a preliminary review, but it is better that an engineering firm do a complete review to confirm the design, stormwater flows, retention volumes, pipe sizing and identify any deficiencies which are beyond my capabilities.

Section 96-4 of the Town Code provides for this request at a cost that has been established by the Town Board. Also section 96-8 D of the Town Code allows the Town Board to pass these fees on to the land developer.

Thank you.

Dear Mr. Kramer:

Per your request, GHD Consulting Services Inc. (GHD) is pleased to submit this proposal to assist the Town of Aurora (Town) during the review of the Stormwater Pollution Prevention Plan (SWPPP) for the proposed referenced project.

1. Scope of Services

Our review of the SWPPP will be to ensure that it adequately meets the requirements outlined in Chapter 96 (Stormwater Management) of the Town Code, as well as the requirements of the New York State Department of Environmental Conservation State Pollutant Discharge Elimination System (SPDES) General Permit for Construction Activities, Permit No. GP-0-15-0012 and SPDES General Permit for Stormwater Discharges from Municipal Separate Stormwater Sewer Systems (MS4's), Permit No. GP-0-15-003.

Upon completion of our review of the SWPPP, we will provide you with a written recommendation to approve, approve with modifications, or disapprove the SWPPP along with supporting documentation.

2. Schedule and Fee

GHD is prepared to begin work immediately upon receipt of written authorization. We propose to complete the above scope of services for the not-to-exceed fee of \$3,000. The Town will be invoiced monthly on an hourly basis in accordance with our 2017/2018 USA Fee Schedule. Please note that per Chapter 96 of the Town Code, the Town should be compensated by the developer for this fee.

Should this proposal meet with your approval, please sign the attached Standard Terms for Professional Services and return a copy to us for our files.

Please do not hesitate to contact me at your convenience with any questions.

Storm Water Pollution Prevention Plan Submission
Request for MS4 Review and Approval

Dear Mr. Kramer,

National Fuel Gas Supply Corporation and Empire Pipeline Inc. (collectively known as "National Fuel") for construction activities associated with the proposed Northern Access 2016 Project is requesting review of the Stormwater Pollution Prevention Plan (SWPPP) for the portion of pipeline that crosses the Town of Aurora. The enclosed SWPPP is for a new 24" natural gas pipeline that will connect to the Porterville Compressor Station.

The SWPPP is for the New York portion of the Northern Access project which is approximately 69 miles in length, however, approximately 3.75 miles are in the Town of Aurora. The LOD in the Town of Aurora for the pipeline is 39.28 acres. No impervious areas will be added in the LOD associated with the pipeline, however, a mainline valve site (MLV 12), will be located in the town. The access road and pad for the MLV will be constructed with a vegetated Geoweb which will allow for a similar runoff condition as the current conditions. Additional details are provided in the SWPPP document. The erosion and sediment control drawings and post construction stormwater management drawings associated with the work occurring in the Town of Aurora are included with this submittal (the sheets for other towns were not included). The drawings have not been renumbered for this submittal so that the plan sheets showing the erosion and sediment controls start with sheet 2.183 and end with sheet 2.195. The submission includes 3 copies of the SWPPP and the drawings.

Once National Fuel has received the MS4 SWPPP acceptance forms, the Notice of Intent (NOI) would be submitted for the pipeline portion of the project.

**TOWN OF AURORA SENIOR CENTER
DIRECTOR'S REPORT
MONTH OF JANUARY 2018**

The mission of the Town of Aurora Senior Center is to help older adults remain healthy and active through participation in recreational pursuits and to provide leadership and advocacy to ensure the availability of leisure and recreational opportunities for seniors.

ADMINISTRATIVE

On January 16th I attended our quarterly director's meeting at the Elma Senior Center. We talked about an Arts Access program available to all seniors who are part of the SNAP program. We also talked about the new CEO and President of Meals on Wheels and hope to meet with her soon. Meals on Wheels are the provider for our Nutritional Lunch program under a contract with Erie County Senior Services.

Our center hosted the HEAP(Heat & Energy Assistance Program) outreach sponsored by Legislature Lorigo on January 9th.

Re: Monthly Report – December 2017

General Information

- At the end of December Officer Albanese resigned his position to take one with the Erie County Sheriff's Office. A search for his replacement began immediately and hopefully completed in January 2018.
- Due to heavy snow totals officers spent many more hours than normal dealing with accidents this past month as well as two violent domestic incidents which will be covered later in this report.
- I would like to remind both Town and Village Board members that we have an open invitation to any board member to do a ride along with our officers. Let me know when you would like to do one.

Training:

- No training took place in December

Meetings:

In addition to Village Board, Town Board and Staff meetings I also attended the following:

- 4 individuals interviewed for police officer position
- EC Chiefs of Police monthly meeting
- Western New York Chiefs meeting
- Met with representatives from the Rural Outreach Center regarding assisting them in security measures for their facility.
- Practice Lock down drill at Immaculate Conception School (second time)
- Met with Owner of 11th Frame

Special Events

Carolcade – Instituted new safety measures for this event including blocking the road with DPW vehicles, one at Olean Rd and the other at Church St., also had an extra officer on location during the event. Large crowd attended and did have parking complaints, mainly due to the large snow banks which narrowed the streets.

COUNTY OF ERIE

MARK C. POLONCARZ

COUNTY EXECUTIVE

January 26, 2018

Hon. James J. Bach
Supervisor, Town of Aurora
Southside Municipal Building, 300 Glead Avenue
East Aurora, NY 14052

Dear Supervisor Bach:

I am pleased to inform you that the following project submitted by the Town of Aurora for funding assistance through the Erie County Consortium Community Development Block Grant Program has been approved for the noted dollar amount.

Rural Transit Services	\$270,000
------------------------	-----------

The project is included in our 2018 draft Annual Action Plan scheduled for a 30-day public review period beginning January 12, 2018.

Congratulations on a fine application. The Consortium's Project Selection Committee received twenty-eight (28) proposals. Unfortunately, the available funds limited the number of approved applications to eleven. This reflects the very competitive nature and great interest in the Block Grant Program throughout the County.

Once again, congratulations and please contact Erie County Department of Environment and Planning Principal Contract Monitor Paul D'Orlando at 858-2194 should you have any questions.

Very truly yours,

Mark C. Poloncarz, Esq.
