**RE: TEMPORARY OCCUPANCY 4(f) DETERMINATION
HIGHWAY PROJECT
NY ROUTE 240; BOSTON-COLDEN ROAD TO ELLICOTT ROAD
VETERAN'S PARK
TOWN OF AURORA, ERIE COUNTY
PIN 5268.55**

Dear Mr. Bach:

The New York State Department of Transportation (NYSDOT) is in the preliminary design phases of the above-referenced, federally funded pavement rehabilitation project. In addition to the pavement work, the project includes the replacement of nine small culverts, corrections to drainage deficiencies, upgrading non-compliant sidewalk ramps and crosswalks, eliminating intermittent sidewalk gaps, and installing new sidewalks.

The construction of new sidewalk and curb ramp at the northeast corner of the intersection of NY Route 240 and Bridge Street will require the acquisition of approximately 248 square feet of Right-of-Way (ROW), in the form of a Temporary Easement (TE), from Veteran's Park (see enclosure). The acquisition of public parkland for use in transportation projects is regulated by Section 4(f) of the US Department of Transportation Act of 1966 (Act).

NYSDOT is requesting concurrence from the Official with Jurisdiction that the temporary easement will be a temporary occupancy of the park, and not rise to the level of a *de minimis use* of the property under Section 4(f). NYSDOT has made this determination based on the following criteria, as defined under Section §774.13(d):

- The duration of the easement is temporary, and there is no change in ownership of the land;
- The scope of work is minor;
- There are no anticipated permanent adverse physical impacts, nor will there be interference with the protected activities, features, or attributes of the property; and,
- The land being used will be fully restored.

Page 2 of 2

As the rightful owner of the property, the Town of Aurora is considered the Section 4(f) Official with Jurisdiction. After the Town has reviewed this proposed action, NYSDOT respectfully requests a letter stating whether the Town agrees or disagrees with the temporary occupancy determination. If the Town agrees with the action (TE acquisition) we ask that the Town provide a letter (or e-mail correspondence) to NYSDOT with the following text included:

"The Town of Aurora has no objections to the temporary occupancy determination of the proposed action (acquisition of approximately 248 square feet of temporary easement (TE) from Veteran's Park), and has determined that this action will not adversely impact the activities, features, and attributes that qualify this property for protection under the Department of Transportation Act of 1966, Section 4(f)."

This letter is required for NYSDOT to document compliance with the Department of Transportation Act of 1966, Section 4(f). If you have any questions regarding Section 4(f) requirements or need additional information, please contact me by phone at Jennifer.Reusch@dot.ny.gov.

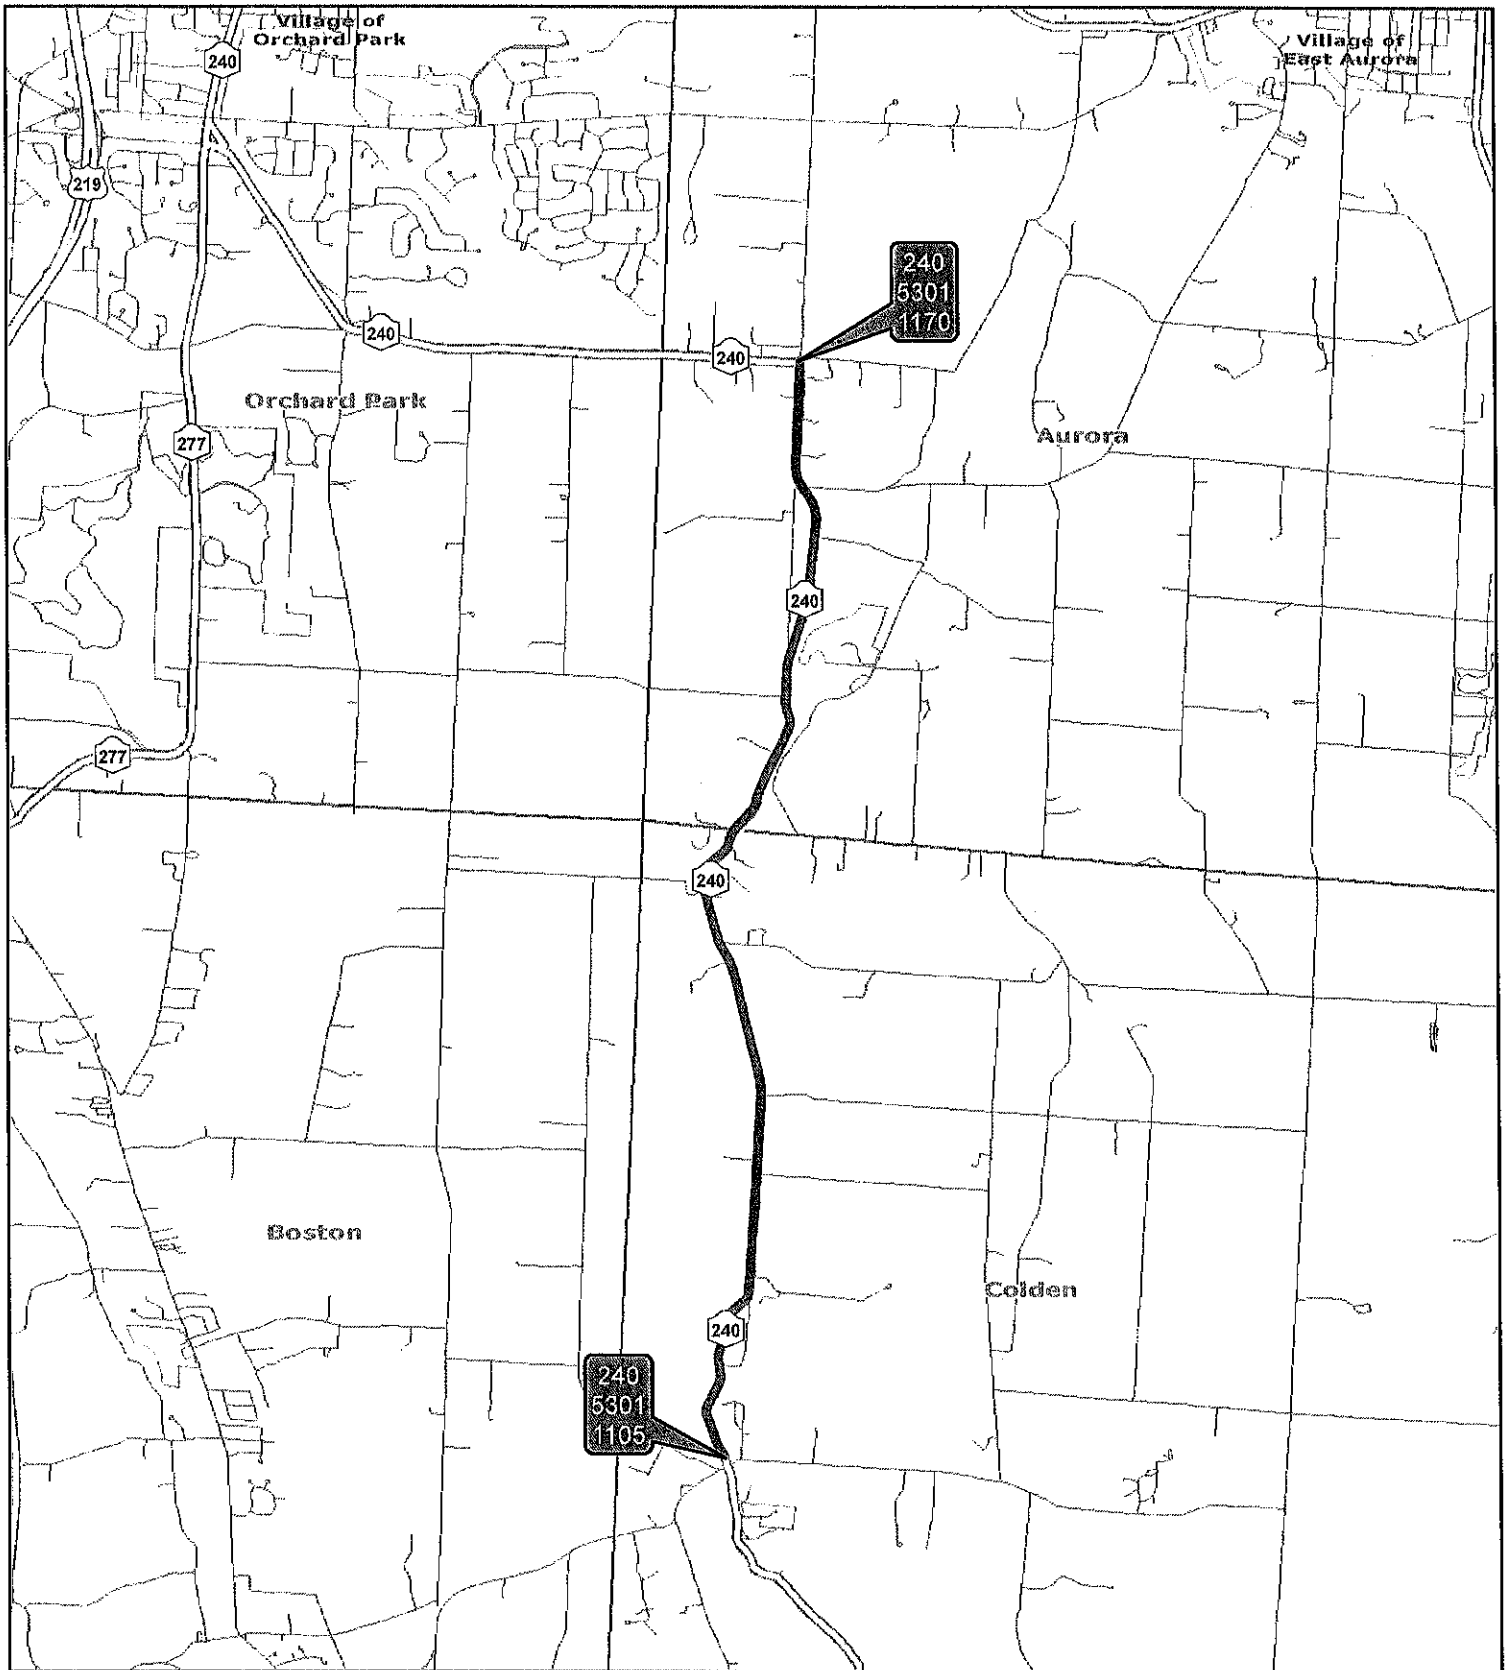

Sincerely,

for Melissa Bender

Executive Order #13

Pay Equity Certification on County Contracts

WHEREAS, federal law, including the Equal Pay Act of 1963, Title VII of the Civil Rights Act of 1964 and Federal Executive Order 11246 of September 24, 1965 (Equal Employment Opportunity) (together "Federal Equal Pay Law"), requires that men and women in the same workplace be given equal pay for equal work; and

WHEREAS, Section 194 of New York State Labor Law ("NYS Equal Pay Law") prohibits compensating men and women differently for the same work; and

WHEREAS, on average, a full-time working woman in New York State earns just 85 cents for every dollar that a man earns and the pay gap is even greater for African-American and Latina women; and

WHEREAS, females make up nearly fifty-two percent of Erie County's population; and

WHEREAS, women make up nearly half of the U.S. labor force and are a growing number of breadwinners in their families; and

WHEREAS, this pay differential shortchanges women and their families by thousands of dollars a year, and potentially hundreds of thousands of dollars over a lifetime, presenting a lifelong threat to those families' economic security and reducing their earnings through Social Security and other post retirement plans; and

WHEREAS, poverty is recognized as a leading cause of or contributing factor to many social problems, including but not limited to substance abuse, domestic violence, child abuse, improper nutrition, obesity, improper health care and criminal conduct; and

WHEREAS, the impact of pay differentials is exacerbated as workers age, causing underpaid workers to disproportionately rely upon various forms of public support in their retirement years; and

WHEREAS, pay inequity can significantly impact the County, necessitating the provision of various public subsidies for low income residents and leading to the lack of receipt of income by women residents which would be spent in our local economy; and

Erie County Equal Pay Certification

In order to comply with Executive Order 13 dated November 6, 2014, we hereby certify that we are in compliance with federal law, including the Equal Pay Act of 1963, Title VII of the Civil Rights Act of 1964, Federal Executive Order 11246 of September 24, 1965 and New York State Labor Law Section 194 (together "Equal Pay Law"). The average compensation for female employees is not consistently below the average compensation for male employees, taking into account mitigating factors. We understand that this certification is a material component of this contract. Violation of the provisions of Executive Order 13, which is attached hereto and made a part hereof, can constitute grounds for the immediate termination of this contract and may constitute grounds for determining that a bidder is not qualified to participate in future county contracts.

We have evaluated wages and benefits to ensure compliance with the Federal Equal Pay Law.

Dear Mr. Bach,

I read the recent article in the *East Aurora Advertiser* about the byways in the Town of Aurora with great interest and sympathize with the people on Center Street, Bowen Road, Pine Street, and Main Street.

We live on Blakeley Road, a county road east of Olean Road. Our home is close to the road and right after a very sharp curve. We've lived here for 42 years. Traffic has increased greatly on our once-quiet country road. Like those in the article, we are concerned about our safety and quality of life.

On August 2022 at 2:00 a.m., a large pick-up truck went airborne over the guard rail on the curve and landed on its side in our yard, dangerously close to our house. The crash was so loud that I was out of bed, on my feet, and at the window before I knew what was going on. I saw headlights and the shadow of a person walking around the yard. It was terrifying. I called 911 and woke my husband. He went out on the porch and the driver walked over and apologized to him and then got into another vehicle and fled. He was drunk, which probably saved his life. To this day, I still wake to noises in the night.

The police were kind and efficient. They later found the driver in a bar in East Aurora. He had called them and reported his truck stolen. They had found his wallet in the truck. They brought him back here and my husband identified him as the same man who had apologized earlier. We later learned that it wasn't his first DWI and he has since lost his license.

This wasn't the first accident here, but it was definitely the worst. I'm afraid it will happen again.

The speed limit on our road varies. When one turns left off Olean Road onto Blakeley coming from the village, the speed is 45 mph until the nearby railroad tracks. After the tracks, the speed limit is 20 mph and, after just a few yards, becomes 45 again on the first curve and all the way up to Reiter Road. Driving down the road from Reiter, the speed limit is 45 until the Town of Aurora sign when it reverts to 20 mph all the way back to Olean Road. The young man who landed in our yard was not going 20 mph.

This summer the road was covered with gravel and oil. There are still no traffic markings. On July 22, 2023, a red pick-up truck came up the road. An SUV must have been going too slowly for him. Right at the end of our driveway and before the big curve, the truck blasted his horn and passed the SUV on the opposite side of the road. If anyone had been coming down the hill, they wouldn't have had a chance. I'm afraid someone is going to get killed on this road.

I have asked the police to please park a patrol car in our driveway and just watch the traffic for a short time. I see patrol cars along Olean Road watching for speeders all the time. Why not park one up here now and then? I was told they were short-staffed.

The Advertiser article says that you will meet with county officials and make a request with the state department of transportation to conduct a speed study on Center Street. I hope that you can request the same for Blakeley Road. Thank you for your attention.

Sincerely,

Deborah M. Sullivan

The summer is going spectacular for the pool. Residents are very happy with the facility upgrades, water quality, and weather. We will likely surpass our budgeted revenue goal this season. We had all of our lifeguards come in after hours on Sunday the 13th to bring back "Guard Games!". The guards competed in rescue challenges, lifeguard Jeopardy, and other activities as a fun way to review their skills in the middle of the season.

Kids and parents have been very happy with our summer programs and day camp. Our summer staff has been excellent in keeping the kids engaged even with the challenging weather and smoke.

EAST competed in championships against over 50 teams. We placed 3rd amongst the small teams! We will have one more meet this August before shutting down training until September.
