PETITIONER'S LETTER OF INTENT

Please describe in detail the proposed project, reason the variance and/or special use permit is being requested and any additional information that may be helpful to the Zoning Board of Appeals in deciding this appeal: (attach additional pages if needed)

Unable to locate Pole Barn on other side of lot due to septic system in the front of house. Property is also has mature trees on the property line. We would like to keep the trees in front of the house.
We currently have a driveway leading to the proposed work site, where we used to park our RV. We no longer have the RV. The attached survey page indicates the requested location of the Pole Barn. We request a variance for the height of the structure to reflect any future use for a 1st and a variance for the side lot line to the structure.
Our neighbors said they would appreciate the privacy.

TO BE COMPLETED ONLY WHEN A USE VARIANCE IS BEING REQUESTED:

A Use Variance is requested because the applicable regulations and restrictions in the Zoning Code of the Town of Aurora have caused unnecessary hardship as demonstrated by the following:

- 1) I cannot realize a reasonable return on my property for each and every permitted use allowed in the current zoning classification as demonstrated by the accompanying financial evidence (provide financial evidence to support your argument).
Financial Evidence Provided Yes No (financial evidence is required per NYS Town Law)
- 2) Describe why your alleged hardship relating to the subject property is unique and does not apply to other properties in the zoning district or neighborhood: _____

- 3) Describe why you believe that the essential character of the neighborhood/community will not change if the Zoning Board of Appeals grants you a use variance: _____

- 4) Is your need for a use variance a result of you own actions (is your difficulty self-created)? Please explain: _____
