

FOR IMMEDIATE RELEASE

West Falls NY Forward (NYF) Local Planning Committee (LPC) Announces the First Public Workshop Event

West Falls NY, May 13, 2024 – The West Falls NY Forward (NYF) Local Planning Committee (LPC) wants to know your thoughts on how you would like to see the NYF program help revitalize the Hamlet. The LPC will hold an Open Call for Projects from June 12th to July 17th, 2024. However, prior to that call, the LPC will be hosting a Public Workshop to gather insights and feedback from the community on what types of projects you would like to see submitted and how those projects can impact West Falls.

To provide your feedback and insights on the community, please consider attending the West Falls NYF Public Workshop #1 on May 20th. The Workshop will be held in the Aurora Waldorf School (525 W Falls Rd, West Falls, NY, 14170) from 6 – 8 pm. This workshop is an open house format with various engagement boards and planning exercises, so feel free to stop by at any time during those hours that work for you.

If you are unable to attend this event, there will be an online feedback form available as well as a public survey for residents to provide feedback. For more information on the West Falls NYF program and to access the online feedback form or survey, visit www.WestFallsNYForward.com

CONTACT: Ed Flynn, West Falls NY Forward Lead Planning Consultant, Labella Associates, eflynn@labellapc.com (585) 454-6110

About West Falls NY Forward (NYF): West Falls NY Forward is a community-driven initiative aimed at transforming the hamlet of West Falls in the Town of Aurora, New York. Led by the New York State Department of State, with assistance from Empire State Development, Homes and Community Renewal and the New York State Energy Research and Development Authority, the program works to accelerate and expand economic revitalization in smaller and rural downtowns. Supported by the NY Forward award, the Town of Aurora, and its residents, the program seeks to enhance the quality of life, create economic opportunities, and foster a vibrant downtown environment.
