TOWN OF AURORA

LOCAL LAW INTRO. NO. 5 - 2016

LOCAL LAW ___-2016

A LOCAL LAW, TO AMEND LOCAL LAW 1-1990 KNOWN AS “THE CODES OF THE TOWN OF AURORA”, ADOPTED BY THE TOWN BOARD OF THE TOWN OF AURORA ON JANUARY 22, 1990, TO ESTABLISH A MORATORIUM ON THE SUBDIVISION OF LAND AND CLUSTER DEVELOPMENT WITHIN THE TOWN OF AURORA.

BE IT ENACTED BY THE TOWN BOARD OF THE TOWN OF AURORA AS FOLLOWS:

SECTION 1. LEGISLATIVE INTENT

This Local Law amends a prior Local Law known as “The Town of Aurora Code” adopted by the Town of Aurora on January 22, 1990, as amended, relating to the administrative, legislative and general legislation of Codes within the Town of Aurora as therein set forth.

SECTION 2. PURPOSE

The Town Board of the Town of Aurora has under review amendments to Chapter 99 which governs the subdivision of land within the Town. The purpose of Chapter 99 is to protect and provide for the public health, safety and welfare of the Town with guidance to future growth and development of the Town. By so doing, it is the intent of Chapter 99 to protect the character of all parts of the Town and to encourage the orderly and beneficial development of its parts, protecting and conserving the value of land, and to provide the most beneficial relationship between the uses of land and buildings and the circulation of traffic throughout the Town. In the subdivision of land, it is necessary to establish reasonable standards for the design and procedure in order to further the orderly layout and use of land throughout the Town. It is

acknowledged that Local Law No. 3-2015 previously established a six (6) month moratorium. It is also acknowledged that Local Law No. 3 of 2016 established an six (6) month moratorium extension to the 2015 local law. The Town Board has had numerous sessions reviewing the appropriate codes together with support of the Town Planning Board. The Town Board of the Town of Aurora finds it prudent and necessary to enact an extension to a moratorium applicable to the subdivision of land and cluster development within the Town. This moratorium extension is intended to ensure that no approvals for such land use application be granted or permitted until this Board can complete its planning studies and has had an opportunity to consider and enact appropriate amendments to the Code. It is anticipated that the required code revisions shall be under consideration by the Town Board well within the time frame of the additional six (6) month moratorium.

SECTION 3. AUTHORITY

This Local Law is enacted pursuant to the provisions of Article 16 of the New York Town Law and Section 10 of the New York Municipal Home Rule Law.

SECTION 4. MORATORIUM AND DURATION

The Town Board of the Aurora hereby declares a six (6) month moratorium extension on the subdivision of land within the Town, with an opportunity to review and consider amendments to Chapter 99.

SECTION 5. SEVERABILITY

The invalidity of any word, section, clause, paragraph, sentence, or part or provision of this Local Law shall not affect the validity of any other part of this Local Law which shall be given effect.

SECTION 6. EFFECTIVE DATE

This Local Law shall become effective immediately upon the adoption by the Town of Aurora Town Board and filing with the New York Secretary of State.

Water District Accounts

Dear Supervisor Bach:

I am enclosing a listing showing the amounts due from Authority customers in your Water District to whom billings have been issued and from whom payment has not been received to date.

Under contracts between the Erie County Water Authority and the Water District Board of Commissioners, provision was made that, in the event of non payment of water billings, the Water District would proceed to collect such unpaid charges in the manner prescribed by law. I respectfully request that you proceed to make such collections in whatever manner is provided.

As a service, copies of this letter and listing have been forwarded to the Office of your Assessor for processing and also to the Town Clerk.

Please contact me if there are any questions.

TO: Town Board
FROM: Kathleen Moffat
RE: Gleed Avenue Parking Lot
DATE: 10/03/16

The Gleed Avenue parking lot project exceeded the bond amount by \$57,539. The net position (fund balance) of the ER fund will thus be reduced by this amount. The reasons for the additional costs are outlined below, as per Camie Jarrell of GHD.

- The project was originally scoped and a budget estimate was prepared in 2011. Therefore, the costs of the project increased based on inflation from the preliminary estimate.
- The design was required to meet all current State regulations, specifically the new green infrastructure requirements, for a parking re-construction and expansion. This required the incorporation of the rain garden and pre-treatment stormwater structure at additional cost.
- The southern parking was intended for a shallow milling and surface re-paving. The asphalt was found to be in poorer condition than anticipated. The asphalt was thinner than expected, cracking was more severe, and generally the asphalt was deteriorating rapidly as the work progressed. It was the expert opinion of the Town Engineer, Highway Superintendent and a reputable milling contractor, that re-surfacing of the asphalt would be a challenging, short-term repair and the parking lot would again deteriorate soon after. It was decided to conduct a full milling and replacement of the asphalt instead.
- The southern parking was also impacted by poor drainage along the southern boundary of the site. When the new storm sewer and catch basin was installed, it was clear that runoff was flowing under the asphalt causing wash out of the stone and cracking of the asphalt during frost heave. The solution was the installation of additional underdrain and structures along the southern boundary of the parking lot and in the southern site entrance to collect runoff into the storm system.
- The eastern parking area (parking lot expansion) required additional base material as organic soils were found to be 3 to 4 feet in depth. The original design intent was to remove 1.5 feet of existing native material and replace with compacted select backfill material.

**TOWN OF AURORA SENIOR CENTER
DIRECTOR'S REPORT
MONTH OF SEPTEMBER 2016**

7A

The mission of the Town of Aurora Senior Center is to help older adults remain healthy and active through participation in recreational leadership and advocacy to ensure the availability of leisure and recreational opportunities for seniors.

ADMINISTRATIVE:

Our annual Open House and Program Registration Day was held on Sept. 12th from 9-12noon. We had a great attendance again with both old and new faces. We were delighted to add Dennis Desmond to our volunteer instructors. Dennis is teaching a different form of Tai Chi two mornings a week. It is a faster pace routine which is what our younger members are looking for.

Molly Ranahan, Erie County Senior Services, presented her program on Age Friendly Communities to our seniors on Sept. 8th. The seniors took a survey and we hope to see the results in the near future.

Our front door has been experiencing problems and we are looking for the best option to repair or replace. I have three companies coming to give us a quote. With the number of groups that meet in the evenings and all our daytime activities we need to keep everything secure and locked.

MONTH OF: SEPTEMBER 2016

ADMINISTRATIVE:

Reports:

- We have 10,734 members registered in our recreation system
- We had 256 individual program registrations in the month of September
- We generated \$26,004.28 in September sales
- Credit card purchases totaled 83% (84% on-line, 16% office)
 - 2015 to 2016 comparison:
 - Total sales from 1/1/15 – 9/30/15 \$212,170
 - Total sales from 1/1/16 – 9/30/16 \$243,300

Our fall programs have begun! We have shown a slight increase in overall program participation from last year.

EAST's short course season has begun with some of the highest registration we've seen. We currently have 90 12 and unders registered. This is a huge base for our swim team and will surely transfer over into great success.
