

## James Hasselbeck's Eagle Scout Project

- Who:** James Hasselbeck
- What:** Shelter Approval
- Where:** Knox Soccer Field Park
- When:** Summer 2017
- How:** Construct a 12' x 16' shelter through volunteers coordinated by me. Also funded responsibilities are 100% my duty.
- Why:** Need base and to fulfill my recruitments to earn my Eagle Scout rank.
- Goal:** Seek approval to build a shelter at the Knox Park Soccer Field for the countless people who get stranded in the rain awaiting their ride.

### Objects:

- Large enough to shelter 10-15 people.
- Not so large or intended for people to gather and have a picnic under.
- Sensitive to the character of the park and East Aurora
- Not only for soccer participants but any park user caught in inclement weather.
- This is a concept approval presentation. Final design TBD.

WS-2/5A

**Proposed 12' x 16' Shelter Location**

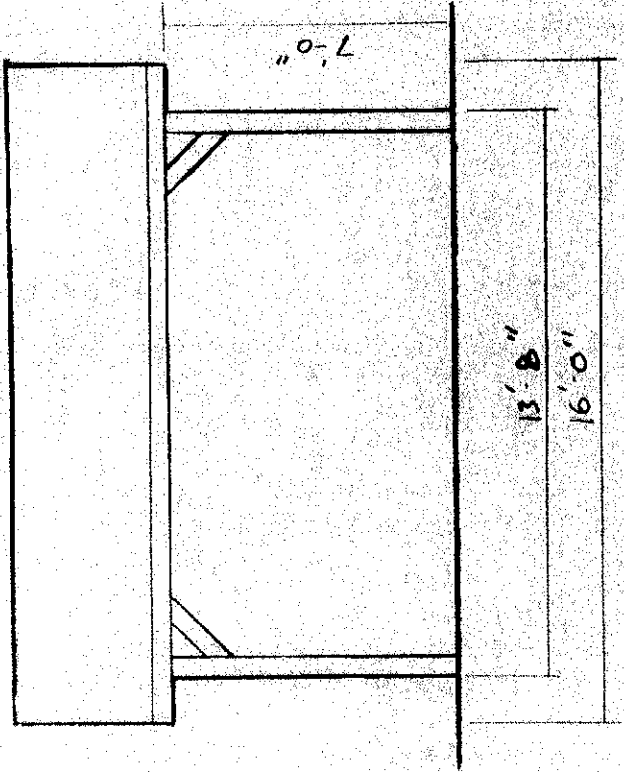

Existing Covered Bridge @ adjacent Equestrian Center (16' x 23') and was the influence for the design of my shelter.

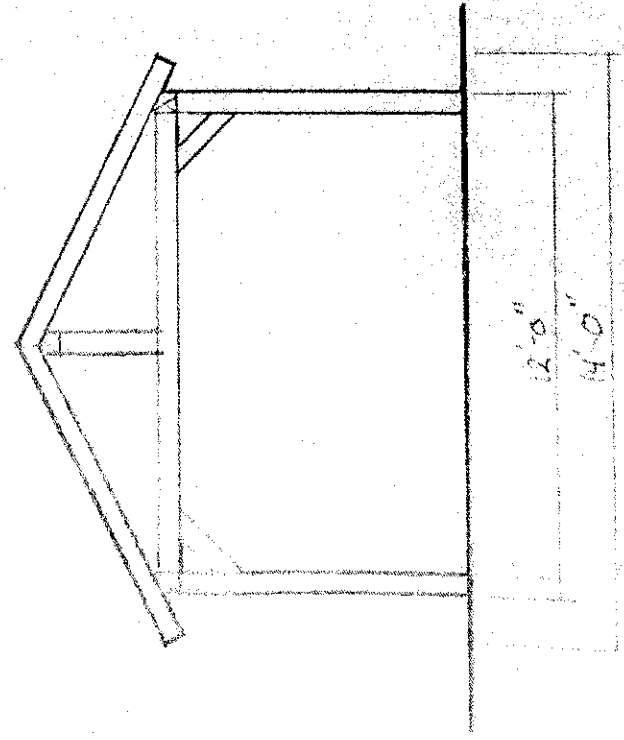

Other design I found that influenced me.

Re: ODA and ODA Variance – 643 Knox Road

Attached are the ODA and ODA variance applications from Sally and Richard Erbe for 643 Knox Road. The initial ODA application to split a large 41-acre parcel into three lots was approved in 2016.

The applicants wish to construct their single family home at 643 Knox. The site where the house will be located needs several variances due to the topography of the land. They plan to situate the house 188 feet from the front lot line and 60 feet from the driveway side lot line. 200 feet front yard setback is required for an ODA lot, therefore a 12-foot front yard setback variance is needed and 75 feet is required from the driveway side lot line, therefore a 15- foot side yard setback variance is required.

We are seeking a variance to construct our home one foot from the measured Right of Way (ROW) from the private drive cul de sac. The topography and character of the 10.2 acres, mostly dense woods and steep slopes to Cazenovia Creek, are extremely appealing but provide several challenges for building. In order to maintain the secluded and natural character of this heavily wooded property, we intend to build the house in the only clearing on our property. This area includes a section of the 20 foot wide, private drive and the turnaround which provides a 28 foot turning radius for emergency vehicles. In addition, the measured ROW is 50 feet wide along the driveway and the the cul de sac has a 65 foot radius, which consume a large area of the clearing on our property.

In order to maximize the space for the house without encountering the steep slope, we need to be extremely close to the measured ROW of the cul de sac. The small building envelope of the house is diminished by added fill towards the slopes of the clearing. Building in the area that we propose allows us to acquire good soil bearing material. This distance is 31 feet from the private driveway turnaround. Our property is the last house on the private driveway and the impact on others is limited. The construction of the house in this location will not impact the easement for utilities, drainage, nor will it affect the ability of emergency vehicles to maneuver on the driveway.

We are also requesting that, in order to reach unexcavated soil, the eastern side lot distance be 61 feet from the front corner of the garage. The rear corner of the garage is 77 feet from this property line. Again, we are limited by the slopes of the property as well as the bearing capacity of the soil. These considerations allow us to have the proper grades relative to the private drive and afford us the proper structural bearing capacity of the soil.

Town Board:

Attached is a preliminary spreadsheet showing costs / savings if we were to convert all the street lights over to LED.

This quote is from Tanko Lighting, information from a seminar Councilwoman Friess and I attended early summer, seminar by Tanko Lighting and NYPA.

Martha has supplied copies of lighting bills as requested by NYSEG. That information was passed on to Tanko, to allow them to calculate inventory, buy-back, fixture and installation costs.

I've emailed and spoken to Caroline McDonnell at Tanko several times, Tanko is not the contractor, they are a consulting company.

**RE:** One Day Seminar – Administration of Property Tax Exemptions

---

As we have recently lost the extensive experience of our exemption clerk and the new changes to the New York State exemption laws, I feel that this class will be beneficial to the assessor's office.

I am asking permission for myself and Jamie Swanson to attend the Administration of Property Tax Exemptions on November 16, 2018 in Batavia, NY.

Attached is the schedule of the course.

The tuition of the class is \$110 for me as a NYSAA member and \$150 for Jamie. <sup>\$260</sup>

# ADMINISTRATION OF PROPERTY TAX EXEMPTIONS

The Institute of Assessing Officers affiliated with the New York State Assessors' Association  
Presents a One Day Seminar At The:

**Quality Inn & Suites  
Batavia, New York**

**November 16, 2018**

This course will examine the most utilized exemptions, how to correctly enter the exemption into RPS and the requirements from the NYS Comptroller's office. Senior Citizens Exemption (RP-467) and the Agricultural Land Exemptions (RP-305). Other exemptions such as Solar (RP-487) will be touched on briefly. The proper administration of property tax exemptions is one of the most important jobs of the Assessor and their staff. With constant law changes it is imperative that assessor's and their staff are current to apply exemptions fairly and legally.

**Instructor - Anne Sapienza, IAO**

### Continuing Education Hours / Re-Certification Credits

The Institute of Assessing Officers will award (6) six re-certification credits to all Institute Members who attend this seminar. Eligible Assessors and County Directors who attend will receive continuing education credit and reimbursement from ORPS, pursuant to their rules.

**To:** Mayor Mercurio & Village Board; Supervisor Bach & Town Board

**From:** Shane Krieger, Chief of Police

**Date:** 10152018

**Re:** Monthly Report -September 2018

**General Information**

- The majority of the past month was dedicated to the hiring process. Jonathan Becker was hired to fill the open 15<sup>th</sup> police officer position and 7 applicants were interviewed for the police clerk position that will be open at the end of October.
- Met with Jennifer Puerner, Senior Safety & Health Inspector from Public Safety & Health Bureau (PESH) regarding an audit of the Village and police department. Ms. Puerner found minor issues that are being answered and/or addressed.

**Training:**

- Lt Suttell attended the 3 week Supervisor School at EC Law Enforcement Academy
- Lt Waldron attended 3 day Interview & Interrogation School

**Meetings:**

In addition to Village Board, Town Board and Staff meetings I also attended the following:

- 2 meetings w/ Borderland organizers
- Participated on Chief of Police panel for Supervisors School at EC Police Academy
- 3 Pistol Permit Interviews
- Attended Law Enforcement Foundation Distinguished Speakers Series and 9/11 memorial
- Interviewed by EA Advertiser - re: disaster preparedness

**East Aurora / Town of Aurora  
Police Department  
Interdepartmental Correspondence**

- Met w/ Rep from Child Advocacy Center
- Met w/ Advanced Alarm on cost to replace camera system at EAPD and add to EAFD. Maureen Jerakas will be looking into grants to cover costs.

**Special Events**

**Borderland Musicfest** – Very well run event with a fair turnout for the first year. This department saw limited impact from the event on the surrounding community. With the expectation that the event will go forward next year and even with more well known artists, I would not expect much more impact.

### Arrests / Investigations

- Besides the arrests and reported crimes in the above chart, Officers also investigated the following:
  - An unknown male caller reported that he killed his girlfriend and that he had her children with him and was contemplating killing them. The call was found to be false, but not until the area was shut down and OPPD SWAT team responded. We have been working with Verizon to be able to track unknown phone numbers better in the future.
  - Patrols investigated a large structure fire on Ellicott Rd in West Falls along with WFFD. A welding accident started the fire in a building which was a total loss.
  - A subject was caught on video stealing items from the Hampton Inn. After pictures were sent out on the department FaceBook page, several tips were sent in with the same suspect named. The subject was found to live near the hotel and later admitted to the theft.
